Dear [redacted]

Formal Access Application - Notice of Decision

I refer to your Formal Access Application under the *Government Information (Public Access) Act 2009* (the GIPA Act), which was received by the Department of Family and Community Services (FACS) on 25 May 2017, where you requested access to the following information:

- *"I would like to request access to information being data as at 31 December 2016 and as at 12 May 2017 on:*
 - a) *All locations of all Ageing Disability and Home Care work locations of group homes, large residences, specialist services (CJP and ISP), grouped by district including:*
 - i) *Unit street addresses*
 - ii) *Unit telephone numbers including landline and mobile*
 - iii) *Unit fax numbers*
 - iv) *Identification of group home, CJP home, ISP home.*
 - v) *Clear identification of group homes with CJP clients and ISP clients*
 - vi) *Identification if the location is owned or leased by agency*

I also request access to information requesting data as at 12 May 2017 on:

- b) *All Ageing Disability and Home Care worksites of group homes, large residences and specialist services (CJP and ISP) that have not yet been put to tender, grouped by district including:*
 - i) *All unit street addresses*
 - ii) *Unit telephone numbers including landline and mobile*
 - iii) *Unit fax numbers*
 - iv) *Clear identification of group homes with CJP clients and ISP clients."*

Please be advised that I have liaised with the relevant internal FACS business area, which was able to source and extract the information that falls within the scope of your request. I have attached the information to this notice of decision and labelled the information Tab A, Tab B, and Tab C, respectively. Tab A lists all group homes, large residential centres and specialist services as at 31 December 2016, Tab B lists all group homes, large residential centres and specialist services as at 12 May 2017, and Tab C lists all group homes, large residential centres and specialist services as at 12 May 2017, that have not yet been put to tender.

I have carefully considered your request in view of the objectives of the GIPA Act where you have a legally enforceable right to obtain information, unless there is an overriding public interest against disclosure of the subject information. Further, I have also considered the requirements of section 74 of the GIPA Act, which provides that an agency may delete information from a record to which access is provided if the deleted information is not relevant, or within the scope of the information applied for, or an agency has decided to refuse access to that information.

I have decided to provide you with a copy of the information requested in your access application in accordance with section 58 of the GIPA Act, with the exception of a number of pages, which contain information that are subject to an overriding public interest consideration against disclosure under the GIPA Act. The decision schedule attached lists the information where there is an overriding public interest consideration against disclosure. In the decision schedule, (P) means that a document has been withheld in part from disclosure.

In deciding which information to withhold in full or in part, I was required to conduct a "public interest test" where the public interest considerations favouring disclosure of government information were weighed against those factors that do not favour disclosure. The following are a number of public interest factors I considered which favour disclosure of the information requested:

- Disclosure of the information could reasonably be expected to promote open discussion of public affairs, enhance Government accountability or contribute to positive and informed debate on issues of public importance
- Disclosure of the information could reasonably be expected to inform the public about the operations of agencies and, in particular, their policies and practices for dealing with members of the public
- Disclosure of the information could reasonably be expected to ensure effective oversight of the expenditure of public funds
- Disclosure of the information could reasonably be expected to reveal or substantiate that an agency (or a member of an agency) has engaged in misconduct or negligent, improper or unlawful conduct
- Disclosure of the information could reasonably be expected to advance the fair treatment of individuals in accordance with the law in their dealings with agencies
- Disclosure of the information could reasonably be expected to reveal the reason for a government decision and any background or contextual information that informed the decision
- Disclosure of the information could reasonably be expected to contribute to the administration of justice generally, including procedural fairness.

However, some information has been withheld from disclosure, as the information contains public interest factors against disclosure, which outweigh the factors in favour of disclosure.

Information that has been withheld from disclosure under clause 3(a) of the table to section 14 of the GIPA Act is information that would reveal the personal information of multiple people. An individual's personal information includes their residential address, and contact telephone numbers of the facility they reside in. People have the right to reside in a group, respite or a specialist supported living home within our community without their contact details or residential address being made public knowledge. Therefore, I am of the view that there is an overwhelming public interest against disclosing information that reveals an individual's personal information.

If you are aggrieved by any of the reviewable decisions in this notice of decision, you may seek a review under Part 5 of the GIPA Act, by requesting any one of the following:

- An Internal Review which must be lodged with the Right to Information Unit within 20 working days of this notice of decision. You must lodge your Internal Review at the address shown at the bottom of the first page and it must be accompanied by the appropriate application fee of \$40.
- Alternatively, a request for an External Review may be lodged with either the Information and Privacy Commission, or the NSW Civil and Administrative Tribunal. Please note that you must lodge your request for an external review within 8 weeks of this notice of decision.

Further attached is a receipt for the amount of \$30 which represents the application fee for processing your Formal Access Application, and a receipt for the amount of \$225.00, representing processing charges.

If you have any questions regarding this notice, please contact me on telephone (02) 9716 2647.

Yours sincerely

Rebecca Jomaa
